Ultimately, this book is what it would seem at first glance; battle, blood and guts, brotherhood, chaos, death, and survival.

On March 4, 2002, a team of SEALs was choppered onto a hostile Afghan mountain peak as part of Operation Anaconda. The largest operation by US forces since Vietnam, it was intended to bring to battle foreign al-Qaeda fighters who had fled after the overthrow of the Taliban and the battle of Tora Bora. But when their special ops Chinook was hit by RPGs, it marked the beginning of the SEALs' epic day-long battle for survival, which involved Coalition special forces, gunships and Predators in a 17-hour firefight against the al-Qaeda guerrillas.

Award-winning combat journalist Sean Naylor reveals a firsthand account of the largest battle fought by American military forces in Afghanistan in an attempt to destroy al-Qaeda and Taliban forces. At dawn on March 2, 2002, America's first major battle of the 21st century began. Over 200 soldiers of the 101st Airborne and 10th Mountain Division flew into Afghanistan's Shah-i-Kot Valley—and into the mouth of a buzz saw. They were about to pay a bloody price for strategic, high-level miscalculations that underestimated the enemy's strength and willingness to fight. Naylor, an eyewitness to the battle, details the failures of military intelligence and planning, while vividly portraying the astonishing heroism of these young, untested US soldiers. Denied the extra support with which they trained, these troops nevertheless proved their worth in brutal combat and prevented an American military disaster.

The New York Times bestselling true account of John Chapman, Medal of Honor recipient and Special Ops Combat Controller, and his heroic one-man stand during the Afghan War, as he sacrificed his life to save the lives of twenty-three comrades-in-arms. In the predawn hours of March 4, 2002, just below the 10,469-foot peak of a mountain in eastern Afghanistan, a fierce battle raged. Outnumbered by Al Qaeda fighters, Air Force Combat Controller John Chapman and a handful of Navy SEALs struggled to take the summit in a desperate bid to find a lost teammate. Chapman, leading the charge, was gravely wounded in the initial assault. Believing he was dead, his SEAL leader ordered a retreat. Chapman regained consciousness alone, with the enemy closing in on three sides. John Chapman's subsequent display of incredible valor -- first saving the lives of his SEAL teammates and then, knowing he was mortally wounded, single-handedly engaging two dozen hardened fighters to save the lives of an incoming rescue squad -- posthumously earned him the Medal of Honor. Chapman is the first airman in nearly fifty years to be given the distinction reserved for America's greatest heroes. *Alone at Dawn* is also a behind-the-scenes look at the Air Force Combat Controllers: the world's deadliest and most versatile special operations force, whose members must not only exceed the qualifications of Navy SEAL and Army Delta Force teams but also act with sharp decisiveness and deft precision -- even in the face of life-threatening danger. Drawing from firsthand accounts, classified documents, dramatic video footage, and extensive interviews with leaders and survivors of the operation, *Alone at Dawn* is the story of an extraordinary man's brave last stand and the brotherhood that forged him.

Traces the mountaineer's triumphs and tragedies, from challenging ascents in Alaska to the death of climbing partners, and discusses his motivation and love for the sport.
