In 1872 Phileas Fogg wins a bet by traveling around the world in seventy-nine days, twenty-three hours, and fifty-seven minutes.

The struggle of three brothers to stay together after their parent's death and their quest for identity among the conflicting values of their adolescent society.

This rich and unforgettable story of sexual intrigue and political scheming, written by the Spanish feminist and intellectual Emilia Pardo Bazan, deserves recognition as one of the great nineteenth-century novels. The House of Ulloa follows pure and pious Father Julián Alvarez, who is sent to a remote country estate to put the affairs of the marquis, an irresponsible libertine, in order. When he discovers moral decadence, cruelty and corruption at his new home, Julián's well-meaning but ineffectual attempts to prevent the fall of the House of Ulloa end in tragedy. The House of Ulloa is the finest achievement of Emilia Pardo Bazán, a prolific writer, feminist, traveller and intellectual, and one of the most dynamic figures of her time. Fans of Zola or Hardy will enjoy the novel's rich naturalism, which combines gothic elements with evocative descriptions of Spanish customs and the countryside. At the same time, the novel evokes the social comedy of a Dickens or Thackeray with its biting social satire, frank exposure of sexual mores, and gentle mockery of its innocent hero-priest.

Introduction to Botany's comprehensive coverage captures readers' attention by showing them why plants are a fascinating and essential part of their everyday lives. The clear, concise text focuses on four major themes—plants and people, conservation biology, evolution, and biotechnology—and gives readers practical and relevant information about the world of botany. Thematic boxes throughout each chapter further highlight the relationship between plants and readers' lives. Nabors' clear and engaging writing style keeps students interested in the science without ever becoming encyclopedic. Plants & people, conservation biology, evolution, and biotechnology. For college instructors, students, and anyone interested in plant biology or botany.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
