As a general rule, SAP licensing is based

# Get Free Sap Business Objects 40 User Guide

on two components: packages and named users. The SAP Business Objects licensing model is quite straightforward. There's no longer a need to consider CPUs or cores. And if you only use SAP BusinessObjects as display-only BI, then named user licences are not necessary either.

# Get Free Sap Business Objects 40 User Guide

Understanding the SAP Business Objects Licensing Model

Access BO Central Management Console and select "Users and Groups". You can do it in two different ways: Go to user, right click and select "Member of". Then select the user group. Go to user groups, right click and select "Add member to Group" I

# Get Free Sap Business Objects 40 User Guide

prefer using the second option because you can add many users to the user group at once.
