The United States had important ties with Canada's Maritime Provinces that were profoundly shaken by the American Civil War. Drawing extensively on newspaper reports, personal papers, and local histories, Greg Marquis captures the drama of the times, effectively putting the reader into the thick of the action. In *Armageddon's Shadow* highlights Maritime support for the beleaguered Confederacy and the grave implications this had on race relations in Canada. Marquis details the involvement of maritimers in running blockades and recounts the experiences of some of the thousands of men from Nova Scotia, New Brunswick, and Prince Edward Island who served in America's bloodiest conflict. Book jacket.

takes the story through the recent 'wilderness years' following the 1997 election fiasco, right up to David Cameron's leadership.

When Lincoln issued the Emancipation Proclamation, he also authorized the army to recruit black soldiers. Nearly 200,000 men answered the call. Several thousand came from Canada. What compelled these men to leave the relative comfort and safety of home to fight in a foreign war? In *African Canadians in Union Blue*, Richard Reid sets out in search of an answer and discovers a group of men whose courage and contributions open a window on the changing nature of the Civil War and the ties that held black communities together even as the borders around them shifted and were torn asunder.

Detective McNulty applies bite marks to a deceased man's body with a set of dentures in *The Wire*, illustrating how officialdom deals in falsehood. Dr. Strangelove lovingly describes the "doomsday machine" as free from "human meddling," while it destroys the world, highlighting the absurdity of placing systems above moral considerations. In *Crash*, Ballard survives a car accident only to be cared for by a paternal technology that tends only to his physical needs--a life of technical certitude bereft of beauty. The Cold War, with its promise of imminent, purposeless doom, profoundly shaped the postmodern world in ways not yet fully appreciated. This study examines the Cold War zeitgeist and its aftermath as represented in fiction, film and television.

and Nova Scotia, New Brunswick, and Prince Edward Island were profoundly shaken by the Civil War. In this engaging and accessible account, Greg Marquis explores the shadow cast on the Maritimes and its people by America's bloodiest conflict.

An exhaustive volume of leading scholarship in the field of Black Canadian history, *Unsettling the Great White North* highlights the diverse experiences of persons of African descent within the chronicles of Canada's past. The book considers histories and theoretical framings within the disciplines of history, sociology, law, and cultural and gender studies to chart the mechanisms of exclusion and marginalization in "multicultural" Canada and to situate Black Canadians as speakers and agents of their own lives. Working to interrupt the myth of benign whiteness that has been deeply implanted into the country's imagination, *Unsettling the Great White North* uncovers new narratives of Black life in Canada.

headlines could have been pulled directly from the book of Revelation in the Bible. The Bible predicted that all of these events would occur in the years leading up to an event commonly known as the Apocalypse. This is the event, prophesied in the Bible, when Jesus Christ will return to earth and take all of his Christian children back to Heaven with him. This event will bring an end to life on earth as we now know it. Christians worldwide are well aware of these facts and prophesies that predict and foreshadow the end times; but, what about the non-Christians, the non-believers? Whether you are a believer or not, this book will point out and explain the signs of the end times that are so prevalent today. It will answer the questions that many people ask themselves; you will be made aware of not only what is going to happen and how it's going to happen, but most importantly, when it's going to happen. You will also learn what you need to do to prepare yourself for this event. Don't worry, it's not too late, there is still time for you to do what you need to do to prepare yourself. This book is a last and final warning to mankind. The evilness of mankind is what has brought us to this point in time. Murder, mayhem, sexual perversion and other crime has taken us down the road to ruin. There is another road, though. A good road and it is possible to get on the good road before it's too late. This book will paint a picture for you. It will paint a picture of the past, a picture of the present and a picture of the future. This picture will help you to understand where we are today in present times and what we need to do to prepare for the future. God is great and wonderful, he has everything waiting for you and time is waiting for you. I have been given a mission. My mission is to set the record straight; the record and the writings of the Bible. I believe some time in the year 2010 will be our last.
