Violations of human  
dignity are brought  
about by concrete  
practices and  
conditions; some  
commonly  
acknowledged, such  
as torture and rape,  
and others more  
contested, such as  
poverty and  
exclusion. This  
volume collates

reflections on such  
concepts and a range  
of practices,  
deepening our  
understanding of  
human dignity and its

the surface  
interrelationships and

pointing to the values
