successful gathering was the predecessor of the Information Technology in Community Health (ITCH) conferences that followed in 1987, 1988, 1990, 1992, 1994, 1996, 1998 and 2000. In 2007, after a brief hiatus, the conference was held again, but this time it had expanded its scope. It was known as Information Technology and Communications in Health (ITCH) 2007; with the same acronym but with a different meaning as demanded by its international appeal and wider choice of subject areas. The conference in 2007 was an unmatched success and for the conference of 2009, an even more eventful convention is expected, which encourages experts to demonstrate and share their experiences and knowledge. The theme for the
