Why call center employee onboarding matters While onboarding is a process new employees go through to get inducted into the company at the start of their career, it doesn't stop within just a few days. For call center employees, training is highly valuable and can't be overdone. Employee retention is improved by up to a quarter thanks to good onboarding practices, so by spending a little extra ...

4. Provide comprehensive training on call center software. In order to effectively interact with your customers, agents must be trained on how to effectively use your call center software. Bring in your team expert to show them the ropes, provide them with training manuals that go over the basics and allow them to try it for themselves. It would also be helpful to walk them through common scenarios like how to join a conference call, how to edit a note, how to
