father, having been told her mother died in a fire decades earlier. But it turns out that her mother, Madlyn, was alive until very recently. Why would Hallie's father have taken her away from Madlyn? What really happened to her family thirty years ago? In search of answers, Hallie travels to the place where her mother lived, a remote island in the middle of the Great Lakes. The stiff islanders fix her first with icy stares and then unabashed amazement as they recognize why she looks so familiar, and Hallie quickly realizes her family's dark secrets are enmeshed in the history of this strange place. But not everyone greets her with such a chilly reception—a coffee-shop owner and the family's lawyer both warm to Hallie, and the possibility of romance blooms. At the end of a metaphysical conference, reluctant attendee Camille Dare discovers an envelope with her name on it. Filled with travel documents, a photograph, and bloody scarf material, the source of the envelope and its contents remain anonymous, but the directive is clear: Find the missing person in this very unusual case. The missing person, Katherine Agurre, comes from a high profile, influential and wealthy family who has long since become estranged from her. Although they've never met, Camille is worried about Katherine's wellbeing, as are others in the metaphysical community, including a tarot reader, an astrologer, a retired world traveler, and an

internationally known psychic. A growing obsession with the missing person case and her own quest for self-understanding compel Camille to begin a trip to meet people she never knew and locations she never expected to visit. Inside the Munster cathedral in the Old Town square of Freiburg, Germany, Camille meets a strange man who wears a collection of religious icons. India is an assault not only to the senses but to everything Camille finds comfortable and safe. She doesn't know anyone in Asheville, North Carolina, but drives toward the small mountain city with little more than the cryptic astrological chart that has led her there. Who is the anonymous source of these travels, and why was Camille the target? If she's real, if she's alive, can anyone find Katherine Agurre if she doesn't want to be found? Camille started her travels by choice until there is no choice anymore.
