Ashes are each based on fairy tales (Snow White, Sleeping Beauty and Cinderella, respectively) in which a girl faces the malevolence of an older and far more powerful woman, before being saved by the intervention of a Prince. In Lackey's novels, the equivalent character does not merely wait passively to be saved, and rather takes an active role in fighting for herself, on equal terms with the male character.

be a free thinker in an environment of fertile creativity and cultural sophistication. But the real core of her education was far outside societal norms. For she and her foster parents were Elemental Masters of magic, and learning to control her growing powers was Marina ' s primary focus. But though Marina ' s life seemed idyllic, her existence was riddled with mysteries. Why, for example, had she never seen her parents, or been to Oakhurst, her family ' s ancestral manor? And why hadn ' t her real parents, also Elemental Masters, trained her themselves? That there was a secret about all this she had known from the time she had begun to question the world around her. Yet try as she might, she could get no clues out of her guardians. But Marina would have answers to her questions all too soon.

For with the sudden death of her birth parents, Marina met her new guardian—her father ' s eldest sister Arachne. Aunt Arachne exuded a dark magical aura unlike anything Marina had encountered, a stifling evil that seemed to threaten Marina ' s very spirit. Slowly Marina realized that her aunt was the embodiment of the danger her parents had been hiding her from in the backwoods of Cornwall. But could Marina unravel the secrets of her life in time to save herself from the evil that had been seeking her for nearly eighteen years?

The fourth novel in Mercedes Lackey's magical Elemental Masters series reimagines the fairy tale The Snow Queen in a richly-detailed alternate Victorian England The letter that

introduced twelve-year-old Sarah Jane Lyon-White to Isabelle Harton, who ran the Harton School in central London, seemed quite simple and straightforward. But it was what was not written in the letter that resonated to Isabelle ' s own finely tuned " extra " senses: " Sarah has gifts we cannot train, " the letter whispered to her, " nor can anyone we know. Those we trust tell us that you can.... " And it was true, for the Harton School was far from ordinary. It was Isabelle ' s job to train children who possessed the odd types of magic that could not be trained by London ' s powerful Elemental Masters: clairvoyants, telepaths, those with the ability to sense hidden danger, the vision to see into the past, and even that rarest of all talents: the ability to see and communicate with the dead. But

Isabelle was uneasy, for though she knew that Sarah Jane had a touch of telepathy, there seemed to be something else about the girl—something that had not yet manifested. And Isabelle was right to be worried, for as soon as Sarah ' s full talents became evident, there was an attempt made on her life. For Sarah was that rarest of magicians: a true medium, and for some reason, a powerful Elemental Master wanted her dead. Isabelle knew that to protect her ward she would have to seek help from the Elemental Masters of the city. That meant she would also see Lord David Alderscroft, the man she had once loved, but who had inexplicably chilled toward her and broken her heart long ago—for he was the leader of the city ' s Elemental Masters, the man who was now called the Wizard of London.

Mercedes Lackey's magical Elemental Masters series recasts familiar fairy tales in a richly-imagined alternate Victorian world. Ninette Dupond was a dancer with the Paris Opera Ballet. She had been very lucky—if she had not been pretty, and a natural dancer, she could only have become what her mother had been: a washerwoman. But Ninette's good luck ended the day that the lead dancer sprained her ankle and Ninette was chosen to dance her part at a matinee. Her reviews had been very good—too good. Shortly thereafter, Ninette had been fired in an attempt to soothe the wounded ego of the ballet's primary soloist. Alone, unemployed, and filled with despair, Ninette had returned to her apartment to find a thin, rangy, tabby-striped tomcat sitting on her

windowsill. He seemed like just another stray, until abruptly he spoke to her, mind-to-mind. Ninette thought she was going mad, but the cat offered her an alternative to a life of destitution, albeit a very odd one. He proposed that she impersonate a renowned Russian ballerina, Nina Tchereslavsky, and go to work in a specific music hall in Blackpool, England. The cat also told her that he would take care of her in every way—he would somehow convey the English and Russian languages to her, supply her with money, and guide her every move. With no other option open to her, she placed her life in his paws. What Ninette didn't know was that the cat was an Elemental Spirit sent to protect her, and that the music hall in Blackpool was owned by an Elemental Master. But she also didn't know

that the real Nina Tchereslavsky no longer existed. For the real Nina had been “ absorbed ” by an Elemental Spirit of the darkest kind that was now bent on Ninette ’ s destruction....

familiar fairy tales in a richly-imagined alternate Victorian world Susanne Whitestone, an Earth Master magician, had always lived in Whitestone Manor and liked nothing more than to keep the land itself and its animal inhabitants thriving. For the last eleven years, she has had a special teacher in the forest—a powerful fae known only as Robin. Susanne, at twenty-one, doubted any mortal Earth Master could find fault with the practices that Robin taught her. But though Susanne was her father ' s only child, she had never set eyes on him, for Richard Whitestone lived as a recluse in a sectioned off wing of the manor. Richard Whitestone was also an Earth Master, but since his beloved wife ' s death in childbirth, he had lived a kind of half-life. He hated even the thought of the child who had ended his wife ' s life. His own

life had withered, and as he had grown bitter, and blighted, so had everything he could see from his windows—the once-beautiful private garden was now as stark and wizened as his heart. But as the years passed, Richard found that there was one thing that gave him solace—the thought, an obsession, that he could bring his Rebecca back to life through necromancy. He would need an appropriate vessel for her spirit, a young woman, preferably one who looked like she did and was approximately the same age that Rebecca has been at the time of her death—twenty-one....and Susanne was the image of her mother.

Beauty Meets Beast in San Francisco Accepting employment as a governess after hard times hit her family, medieval scholar Rosalind Hawkins is surprised when she learns that her mysterious employer has no children, no wife, and she is not to meet with him face to face. Instead, her duties are to read to him, through a speaking tube, from ancient manuscripts in obscure, nearly-forgotten dialects. A requirement for the job was skill in translating medieval French, and she now understands the reason for that requirement, and assumes her unseen employer's interest in the descriptions of medieval spells and sorcery is that of an eccentric antiquary. What she does not realize is that his

interest is anything but academic. He has a terrible secret and is desperately searching for something that can reverse the effects of the misfired spell which created his predicament. At the publisher's request, this title is sold without DRM (Digital Rights Management).

They came from the sea... For as long as she could remember, Mari Prothero had seen things—tiny manlike creatures that were mischievous and wore only seaweed, and beings that seemed to be made of water. Mari had grown up in a tiny Welsh fishing village where she lived alone with her father, Daffyd, a master fisherman—her mother and brother having drowned when she was a child. On the morning of her eighteenth birthday, her father finally told her the great

secret of the Prothero family. Her family had an ancient covenant with magical shape-shifters, the Selch. Her lost mother and brother were not truly dead, but neither were they human. Now Mari must abide by her family ' s magical compact or face dire consequences. But Mari is not without protectors. The tiny creatures she had seen her whole life counseled her to bargain with the Selch. While in faraway London, the head of the Elemental Masters had dispatched some very unique champions to come to Mari ' s aid....
