Stories Never Told. This is history candy -- the good stuff. Here are 100 tales to astonish, bewilder, and stupefy: more than two thousand years of history filled with courage, cowardice, hope, triumph, sex, intrigue, folly, humor, and ambition. It's a historical delight and a visual feast with hundreds of photographs, drawings, and maps that bring each story to life. A new discovery waits on every page: stories that changed the course of history and stories that affected what you had for breakfast this morning. Consider: The Pilgrims landed on Plymouth Rock because they ran out of beer Some Roman officials were so corrupt that they actually stole time itself Three cigars changed the course of the Civil War The Scottish kilt was invented by an Englishman Based on the popular Timelab 2000® history minutes hosted by Sam Waterston on The History Channel®, this collection of fascinating historical tidbits will have you shaking your head in wonder and disbelief. But they're all true. And you'll soon find yourself telling them to your friends.

Rick Beyer, the author of the acclaimed History Channel® series The Greatest Stories Never Told, returns with new historic tales, this time focusing on amazing war stories Search the annals of military history and you will discover no end of quirky characters and surprising true stories: The topless dancer who saved the Byzantine Empire; the World War I battle that was halted so a soccer game could be played; the scientist who invented a pigeon-guided missile in 1943; and don't forget the elderly pig whose death triggered an international crisis between the United States and Great Britain. This is the kind of history you'll find in The Greatest War Stories Never Told. One hundred fascinating stories drawn from two thousand years of military history, accompanied by a wealth of photographs, maps, drawings, and documents that help bring each story to life. Little-known tales told with a one-two punch of history and humor that will make you shake your head in disbelief -- but they're all true! Did You Know That: One military unit served on both sides during the Civil War The War of Jenkins's Ear was actually fought over a sea captain's ear Daniel Boone was once tried for treason A siege on Poland in 1519 gave birth to the marriage of bread and butter Discover how war can be a catalyst for change; an engine for innovation; and an arena for valor, deceit, intrigue, ambition, revenge, audacity, folly, and even silliness. Want to know how the mafia helped the United States win World War II, when the word bazooka was coined, or how Silly Putty was invented? Read on!

What most of us don't know about our presidents could fill a book—and this just happens to be that book! From the archives of The History Channel® comes a treasure trove of quirky presidential history that will truly astonish, bewilder, and stupefy. Like Abraham Lincoln's duel or Jimmy Carter's UFO sighting . . . and let's not forget about the president who went skinny-dipping in the Potomac every day! That's the kind of presidential history you'll find in The Greatest Presidential Stories Never Told: One hundred little-known stories to make you shake your head in wonder. If you want to find out how "Hail to the Chief" came to be the president's song, why the Oval Office isn't square, which president saved the game of football, and why Washington, D.C., could have been named Hertburn, this is the book for you. Did You Know About: The custody battle that made George Washington an American? The counterfeiters who tried to steal Lincoln's body? The woman who brought down Andrew Jackson's cabinet? The man who was president for a day? You know what makes the presidents famous, but it's the stuff you don't know that makes them interesting. A feast of fascinating presidential tidbits awaits.

The author of the highly successful History Channel series The Greatest Stories Never Told returns with new historic tales, this time focusing on amazing music stories that aren't taught in the average classroom Rick Beyer plums the vast archives of the History Channel

Download Free The Greatest Stories Never Told 100 Tales From History To Astonish Bewilder And Stupefy Rick Beyer

to deliver a treasure trove of obscure and fascinating stories to delight and entertain. The Greatest Music Stories Never Told continues the series tradition with short, fascinating tales accompanied by an array of stunning and diverse photographs from around the globe. The Greatest Music Stories Never Told illuminates the origins of a fascinating range of music topics, from instruments and styles to composers and technological advances—all which show us how little we really know. Guaranteed to astonish, bewilder, and stupefy, this all new volume will appeal not only to history buffs but to pop culture audiences and music fans of all ages and stripes.

The Torah is the first five books of the Hebrew and Christian Bible. Torah means to teach. What does the Torah teach? How does the Torah teach? Scholars agree the Bible evolved from an oral tradition to its written form. This book examines the messages of the Book of Genesis, the first book of the Bible, based on what those messages would have sounded like to an audience in the original oral tradition. The episodes of Creation and the 21 separate stories of the iconic figure of Abraham are recast under the microscope of the prevailing Near Eastern context of their birth. The reader is invited to experience the vivid world of antiquity and for the first time hear The Greatest Story Never Told.

Tuberculosis is the greatest killer of all time. In this century and the previous one, it was responsible for the deaths of a thousand million human beings. Half way through the 20th century, people did not believe that a cure would ever be possible, but a few scientists throughout the world each played a part in finding that cure. The discovery changed history, yet that story has never been told.

“ What we call imagination is actually the universal library of what ’ s real. You couldn ’ t imagine it if it weren ’ t real somewhere, sometime. ” – Terence McKenna
Scientific theories that were once considered right and mighty were later proven wrong. This is the case even with the best and most thorough scrutiny and investigation. There is no knowing when a better scientific theory will come to replace the old. It is clear that the study of Sumerian clay tablets will continue to interest areas of science, history, archaeology, cosmology, and more, due to its continued “ effect ” of encompassing studies from unrelated fields. The Sumerians were the most extraordinary people who ever lived on the face of the earth. They seemed to come from out of nowhere, and they single-handedly invented civilization when most of the rest of the world was still living in the Stone Age. What ’ s more, they did it thousands of years before anyone else. The Sumerian civilization was already ancient when it ended in 2004 B.C., twenty centuries before Julius Caesar, sixteen centuries before Socrates, and seven centuries before Tutankhamen. “ The highest form of ignorance is when you reject something you don ’ t know about. ” ~ Wayne Dyer

The inspirational and true story of James Herman Banning, the first African American pilot to fly across the country, comes to life in this picture book biography perfect for fans of Hidden Figures and Little Leaders. Includes art from a Coretta Scott King award-winning illustrator. James Herman Banning always dreamed of touching the sky. But how could a farm boy from Oklahoma find a plane? And how would he learn to fly it? None of the other pilots looked like him. In a journey that would span 3,300 miles, take twenty-one days, and inspire a nation, James Herman Banning proved that you can't put barriers on dreams. Louisa Jaggard incorporates over seven years of research, including Banning's own writings and an interview with the aviator's great-nephew. She teams up with cowriter Shari Becker

Download Free The Greatest Stories Never Told 100 Tales From History To Astonish Bewilder And Stupefy Rick Beyer

and award-winning illustrator Floyd Cooper to capture Banning's historic flight across the United States. "A pathos-filled picture book that celebrates the life of a figure in American history who hasn't been featured often." -School Library Journal, Starred Review "A story well worth sharing." -Kirkus Reviews

Encourages Methodists to re-explore their spiritual identities in order to stir up dormant passions and challenge contemporary critiques of the faith.

This story is based on a true love story that spanned almost two decades. The names and places have been changed to protect the privacy of the individuals involved in this affair. The chronological sequence of events has been maintained for continuity. All the stories and experiences are based on facts. This book is about a love story that was kept secret for 18 years and perhaps shouldve remained a secret. The first book related to this love story was a book of poems entitled Somewhere, Sometime, Somehow: Love Poems and Short Stories published in 2008 by this author and Xlibris. For the perceptive reader of this book one can trace the ups and downs of our love relationship. These 18 years were filled with robust love and passion for each other. Perhaps it was fantasy; perhaps it was the most real thing we will ever experience. The heartbreaking part of this love affair is that I am not really sure my lover ever really understood or appreciated my profound and unconditional love for her. I opened my heart to her through poetry and thoughtful letters, but she rarely showed me what was in her heart. Perhaps it was a one-sided love affair, but I surely think and hope not. I was convinced that she truly loved me through her words and actions. At least I experienced a pure love that I had only dreamed was possible. The story is told mainly through the exchange of letters and emails to each other. Perhaps readers can experience and hopefully feel the deep love we felt for each other.
