The Unsung Heroes of the Holocaust Drawing from twenty-five years of original research, Sir Martin Gilbert re-creates the remarkable stories of non-Jews who risked their lives to help Jews during the Holocaust According to Jewish tradition, "Whoever saves one life, it is as if he saved the entire world." Non-Jews who helped save Jewish lives during World War II are designated Righteous Among the Nations by Yad Vashem, the Holocaust archive in Jerusalem. In The Righteous, distinguished historian Sir Martin Gilbert, through extensive interviews, explores the courage of those who-throughout Germany and in every occupied country from Norway to Greece, from the Atlantic to the Baltic-took incredible risks to help Jews whose fate would have been sealed without them. Indeed, many lost their lives for their efforts. Those who hid Jews included priests, nurses, teachers, neighbors and friends, employees and colleagues, soldiers and diplomats, and, above all, ordinary citizens. From Greek Orthodox Princess Alice of Greece, who hid Jews in her home in Athens, to the Ukrainian Uniate Archbishop of Lvov, who

hid hundreds of Jews in his churches and monasteries, to Muslims in Bosnia and Albania, many risked, and lost, everything to help their fellow man.

Deftly weaving together historical research and survivors' testimonies, "The Holocaust" is Gilbert's acclaimed and definitive history of the European Jews, from Hitler's rise to power to Germany's surrender to the liberation of the prisoners of the concentration camps.

The graphic history of the Nazi attempt to destroy the Jews of Europe during the Second World War is illustrated in this series of 333 detailed maps. The maps, and the text and photographs that accompany them, powerfully depict the fate of the Jews between 1933 and 1945, while also setting the chronological story in the wider context of the war itself. The maps include: historical background – from the effects of anti-Jewish violence between 1880 and 1933 to the geography of the existing Jewish communities before the advent of the Nazis the beginning of the violence – from the destruction of the synagogues in November 1938 to Jewish migrations and deportations, the ghettos, and the establishment of the concentration camps and death camps throughout German-dominated Europe the spread of Nazi rule – the fate of the Jews throughout Europe including Germany, Austria, Poland, Greece, Yugoslavia, Bulgaria, Russia, Denmark, Norway, France, Holland, Belgium, Italy, and the Baltic States Jewish revolts and resistance – acts of armed resistance, fighting in the forests, individual acts of courage Jews in hiding – escape routes, Christians who helped Jews the death marches – the advance of the Allies and the liberation of the camps, the survivors, and the final death toll. This revised edition includes a new section which gives an insight into the layout and organization of some

of the most significant places of the Holocaust, including Auschwitz, Treblinka and the Warsaw ghetto, maps that will be especially useful to those visiting the sites.

Sets the scene with a brief history of anti-Semitism prior to Hitler, and documents the horrors of the Holocaust from 1933 onward, in an incisive, interpretive account of the genocide of World War II

“A travelogue, spanning two weeks, of the essential sites of the Holocaust, by the venerable historian and author . . . [A] soul-searching trip” (Kirkus Reviews). In 1996, prominent Holocaust historian Sir Martin Gilbert embarked on a fourteen-day journey into the past with a group of his graduate students from University College, London. Their destination? Places where the terrible events of the Holocaust had left their mark in Europe. From the railway lines near Auschwitz to the site of Oskar Schindler’s heroic efforts in Krakow, Poland, *Holocaust Journey* features intimate personal meditations from one of our greatest modern historians, and is supported by wartime documents, letters, and diaries—as well as over fifty photographs and maps by the author—all of which help interweave Gilbert’s trip with his students with the surrounding history of the towns, camps, and other locations visited. The result is a narrative of the Holocaust that ties the past to the present with poignancy and power. “Gilbert . . . is a dedicated guide to this difficult material. We can be grateful for his thoroughness, courage and guidance.” —Los Angeles Times Book Review

history of the Jewish people in Europe. Masterfully covering such topics as pre-war Jewish life, the Warsaw Ghetto revolt, and the reflections of Holocaust survivors, Gilbert interweaves firsthand accounts with unforgettable photographs and documents, which come together to form a three-dimensional portrait of the lives of the Jewish people during one of Europe's darkest times. "This volume introduces the crime to a new generation, so that it knows of the atrocities and the seemingly futile acts of defiance taken, in the words of Judah Tenenbaum, 'for three lines in the history books.'" —Booklist

A thorough analysis of Allied actions after learning about the horrors of Nazi concentration camps—includes survivors' firsthand accounts. Why did they wait so long? Among the myriad questions of what the Allies could have done differently in World War II, understanding why it took them so long to respond to the horrors of the Nazi concentration camps—specifically Auschwitz—remains vital today. In *Auschwitz and the Allies*, Martin Gilbert presents a comprehensive look into the series of decisions that helped shape this particular course of the war, and the fate of millions of people, through his eminent blend of exhaustive devotion to the facts and accessible, graceful writing. Featuring twenty maps prepared specifically for this history and thirty-four photographs, along with firsthand accounts by escaped Auschwitz prisoners, Gilbert reconstructs the span of time between Allied awareness and definitive action in the face of overwhelming evidence of Nazi atrocities. "An unforgettable contribution to the history of the last war." —Jewish Chronicle

Maps trace each phase of the Holocaust from random killings and expulsion from towns and

villages, to the setting up of ghettos and death camps

A thoughtful and rigorous examination of the Jewish experience under Hitler's "Final Solution"—based on eyewitness accounts and contemporary evidence. Focusing on firsthand narratives from survivors and supported by contextual scholarship, Gilbert presents a masterful cross-section of the experiences of the millions of European Jews who lost their homes, careers, families, and lives at the hands of Hitler's "Final Solution." The accounts of these journeys are at once unique and unified by both their tragedy and by their triumphs. Gilbert's vast knowledge on the subject, coupled with his frank and readable style, makes *Final Journey* accessible to readers and scholars alike. The text is supported by eighty-four photographs—many of which were published for the first time in 1979—and twenty-four pages of maps prepared by the author, which help bring the stories of the men, women, and children back to life in unflinching detail.

An insightful history of Churchill's lifelong commitment—both public and private—to the Jews and Zionism, and of his outspoken opposition to anti-Semitism Winston Churchill was a young man in 1894 when Captain Alfred Dreyfus, a Jewish officer in the French army, was convicted of treason and sent to Devil's Island. Despite the prevailing anti-Semitism in England as well as on the Continent, Churchill's position was clear: he supported Dreyfus, and condemned the prejudices that had led to his conviction. Churchill's commitment to Jewish rights, to Zionism—and ultimately to the State of Israel—never wavered. In 1922, he established on the bedrock of international law the right of Jews to emigrate to Palestine. During his meeting with

David Ben-Gurion in 1960, Churchill presented the Israeli prime minister with an article he had written about Moses, praising the father of the Jewish people. Drawing on a wide range of archives and private papers, speeches, newspaper coverage, and wartime correspondence, Churchill's official biographer, Sir Martin Gilbert, explores the origins, implications, and results of Churchill's determined commitment to Jewish rights, opening a window on an underappreciated and heroic aspect of the brilliant politician's life and career.
