Erikson has said the magic system in the Malazan Book of the Fallen is inspired by shamanism in the real world. Shamans "interact with what they perceive as the non-physical realms in very unique ways...that is kind of what we're echoing with the Warrens...you have magic users, but each one finds their own path.

"I stand slack-jawed in awe of The Malazan Book of the Fallen. This masterwork of imagination may be the high water mark of epic fantasy--accomplished with none of the customary rifs on Tolkien. This marathon of ambition has a depth and breadth and sense of vast reaches of inimical time unlike anything else available today.

Random House presents the audiobook edition of Gardens of the Moon: The Malazan Book of the Fallen 1 by Steven Erikson, read by Ralph Lister. Bled dry by interminable warfare, infighting and bloody confrontations with Lord Anomander Rake and his Tiste Andii, the vast, sprawling Malazan Empire simmers with discontent.

Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Concoived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order--an enthralling adventure by an outstanding new voice. After decades of internecine warfare, the tribes of the Tiste Edur have at last united under the Warlock King of the Hiroth. There is peace--but it has been exacted at a terrible price: a pact made with a hidden power whose motives are at best suspect, at worst, deadly. To the south, the expansionist kingdom of Lathar, eager to fulfill its long-prophesized renaissance as an Empire reborn, has enslaved all its less-civilized neighbors with rapacious hunger. All, that is, save one--the Tiste Edur. And it must be only a matter of time before they too fall--either beneath the suffocating weight of gold, or by slaughter at the edge of a sword. Or so destiny has decreed. Yet as the two sides gather for a pivotal treaty neither truly wants, ancient forces are awakening. For the impending struggle between these two peoples is but a pale reflection of a far more profound, primal battle--a confrontation with the still-raw wound of an old betrayal and the craving for revenge at its seething heart. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

There is turmoil in the Wastelands as the exiled Malazan army marches against an unseen enemy, the White Face clan faces rebellion in the south, the Perish Grey Helms encounter the Bonehunters, and members of the Elder Race seek help from humans. Reprint.

A clash of warriors draws closer as Rhulad Sengar, the Emperor of a Thousand Deaths, spirals into madness, surrounded by sycophants and agents of his Machiavellian chancellor. Against this backdrop, a band of fugitives seek a way out of the empire, but on the second novel in the awe-inspiring Malazan Book of the Fallen series. "Gripping, fast-moving, delightfully dark, with a masterful and unapologetic brutality reminiscent of George R. R. Martin." -- Elizabeth Haydon In the vast dominion of Seven Cities, in the Holy Desert Raraku, the seer Sha'ik and her followers prepare for the long-prophesied uprising known as the Whirlwind. Unprecedented in size and savagery, this maelstrom of fanaticism and bloodlust will embroil the Malazan Empire in one of the bloodiest conflicts it has ever known, shaping destinies and giving birth to legends . . . Set in a brilliantly realized world ravaged by dark, uncontrollable magic, Deadhouse Gates is a novel of war, intrigue and betrayal confirms Steven Eirkson as a storyteller of breathtaking skill, imagination and originality--a new master of epic fantasy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A third volume of the fantasy epic that began with Gardens of the Moon finds the uneasy alliance between Onearm's army and Whiskeyjack's Bridgeburners against the Pannion Domin empire further challenged by rumors that the Crippled God has escaped and is out for revenge. Reprint.

A thrilling, harrowing novel of war, intrigue and dark, uncontrollable magic, Toll the Hounds is the new chapter in Erikson's monumental series - epic fantasy at its most imaginative and storytelling at its most exciting. In Darujhistan, the city of blue fire, it is said that love and death shall arrive dancing. It is summer and the heat is oppressive, but for the small round man in the faded red waistcoat, discomfiture is not just because of the sun. All is not well. Dire portents plague his nights and haunt the city streets like fiends of shadow. Assassins skulk in alleyways, but the quarry has turned and the hunters become the hunted. Hidden hands pluck the strings of tyranny like a fell chorus. While the bards sing their tragic tales, somewhere in the distance can be heard the baying of Hounds...And in the distant city of Black Coral, where rules Anomander Rake, Son of Darkness, ancient crimes awaken, intent on revenge. It seems Love and Death are indeed about to arrive...hand in hand, dancing. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Best selling author Steven Erikson returns with the latest in the morbid history of the Malazan Empire In Northern Genabackis, a raiding party of savage tribal warriors descends from the mountains into the southern flatlands. Their intention is to wreak havoc amongst the despised lowlanders, but for the one named Karsa Orlong it marks the beginning of what will prove to be an extraordinary destiny. Some years later, it is the aftermath of the Chain of Dogs. Tavore, the Adjunct to the Empress, has arrived in the last remaining Malazan stronghold of Seven Cities. New to command, she must hone twelve thousand soldiers, mostly raw recruits but for a handful of veterans of Coltaine's legendary march, into a force capable of challenging the massed hordes of Sha'ik's Whirlwind who lie in wait in the heart of the Holy Desert. But waiting is never easy. The seer's warlords are locked into a power struggle that threatens the very soul of the rebellion, while Sha'ik herself suffers, haunted by the knowledge of her nemesis: her own sister, Tavore. And so begins this awesome new chapter in Steven Erikson's acclaimed Malazan Book of the Fallen . . . The Sixth Book of the epic Malazan Book of the Fallen from bestselling author Steven Erikson. In The Bonehunters, in the ever decimating Malazan Empire, a war is brewing between mortal and immortals, gods and mages, that will decide once and for all who shall exist and who shall perish. The Seven Cities Rebellion has been crushed. Sha'ik is dead. One last rebel force remains, holed up in the city of Y'Ghatan and under the fanatical command of Leoman of the Flails. The prospect of laying siege to this ancient fortress makes the battle-weary Malaz 14th Army uneasy. For it was here that the Empire's greatest champion Dassem Ultor was slain and a tide of Malazan blood spilled. A place of foreboding, its smell is of death. But elsewhere, agents of a far greater conflict have made their opening moves. The Crippled God has been granted a place in the pantheon, a schism threatens and sides must be chosen. Whatever each god decides, the ground-rules have changed, irrevocably, terrifyingly and the first blood spilled will be in the mortal world. A world in which a host of characters, familiar and new, including Heboric Ghost Hands, the possessed Apsalar, Cutter, once a thief now a killer, the warrior Karsa Orlong and the two ancient wanderers Icarium and Mappo--each searching for such a fate as they might fashion with their own hands, guided by their own will. If only the gods would leave them alone. But now that knives have been unsheathed, the gods are disinclined to be kind. There shall be war, war in the heavens. And, the prize? Nothing less than existence itself... Here is the stunning new chapter in Steven Erikson magnificent Malazan Book of the Fallen--hailed as an epic of the imagination and acknowledged as a fantasy classic in the making.
