The French explorer Jules Dumont d ' Urville saw the Adélie penguins (*Pygoscelis adeliae*) in 1840, the Snares penguins (*Eudyptes robustus*) appeared in 1874, and the Gentoo Penguins (*Pygoscelis papua*) had their first scientific description in 1781, from the pen of Johann Reinhold Forster. The collection of Fossils began, and the evolution, reproduction, behavior, and other natural habits of penguins started to be studied scientifically.

The introduction to *The Penguin History of Economics* raises two issues about the subject which are useful to remember in the subsequent read. The first is that there is no universally accepted definition of the subject and the second is that any contributor to the history of economics will pick and choose which works and writers are important.
