There is a group of patients no plastic surgeon should treat - for the patient's sake and their own. They're the patients who need a psychologist, not a face lift, and will seek revenge on the plastic surgeon who fails to fix their nonexistent physical flaws. Plastic surgeons need to screen patients for body dysmorphic disorder.

Lucy Northrop was in despair when her son, Jake, was expelled from school. She found the solution to his behavioural problems at Loxley Hall, the centre for "therapeutic petticoating", where boys became girls, whether they liked it or not.

Be careful what you wish for, because you just might get it! Sam isn't at all looking forward to his 23rd birthday-why would he want to celebrate another year of grueling, boring office work and striking out in dating? He hates his physique, and he can hardly even think about dating anyway, what with his confusing feelings for his best (straight) friend Mitchell. If only he'd been born a girl, he might have had a shot with him. On the night of his birthday, Sam makes a wish for "true happiness" with a mysterious bathroom attendant and immediately feels a sense relief wash over him. But the relief turns to panic as he slowly begins to transform into a woman over the next several days! Sam has no idea what to do. How will Sam navigate his slowly transforming body around his friends and coworkers, and what will Mitchell say when he finds out? This can't possibly be the thing that will finally bring him the true happiness he always wanted... can it?

For every woman who's struggled to link her experience of the female body with her desire for Christian spirituality.

A riveting debut novel set in contemporary Seoul, Korea, about four young women making their way in a world defined by impossible standards of beauty, after-hours room salons catering to wealthy men, ruthless social hierarchies, and K-pop mania "Powerful and provocative . . . a novel about female strength, spirit, resilience-and the solace that friendship can sometimes provide."-The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • Esquire • Bustle • BBC • New York Post • InStyle Kyuri is an achingly beautiful woman with a hard-won job at a Seoul "room salon," an exclusive underground bar where she entertains businessmen while they drink. Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri's roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country's biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the extreme plastic surgery that she hopes will change her life. And Wonna, one floor below, is a newlywed trying to have a baby that she and her husband have no idea how they can afford to raise in Korea's brutal economy. Together, their stories tell a gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing that ultimately saves them.

Laura s desire for total subjugation runs deep, and when she meets Master Bernard, she believes she s found the man she s always dreamed of and slave life she desires. The two marry and begin their life together in a luxurious house that s discreetly located on 50 private acres, behind a high surrounding wall. Though they experience the usual up and downs of a new marriage, Laura settles in well to her unique lifestyle as her husband s slave. However, toward the end of the second year, a decision is made to fit her with a full range of purpose-designed bondage jewellery and custom-made restraints. Though excited to see her bondage fantasies fully realized, she has no clue that nearly all of the elaborate decorations her master orders cannot be removed! With specific plans in mind, Master Bernard takes Laura s transformation slowly: a physical exam, dental impressions, repeated piercings, even surgery to remove her floating ribs in order to better accommodate the strict corsetry he envisions. The experience is deeply arousing, though it s troubling too. She s dreamed of such extremes since puberty, but she has no idea how far her master plans to take their mutual fantasy, until it s too late to change her mind. She s fitted with a collar, ankle and wrist cuffs, and bands around her arms and legs. More restraints and odd devices follow as her subjugation becomes more intense and more invasive. She can barely even move! Soon she s living in a locked cell far from her husband s bed, where every physical requirement is taken care of by the master s elaborate gadgetry, including her sexual release. As the weeks go by, she sees little of the man she married and far more of the governess he hired to attend to her physical needs. With so little outside stimulation and no access to the natural world her days and weeks just blend into one. And still, she has yet to learn the ultimate truth of her incarceration and her master s plan for his future and hers.

Ruth Patchett never thought of herself as particularly devilish. Rather the opposite in fact - simply a tall, not terribly attractive woman living a quiet life as a wife and mother in a respectable suburb. But when she discovers that her husband is having a passionate affair with the lovely romantic novelist Mary Fisher, she is so seized by envy that she becomes truly diabolic. Within weeks she has burnt down the family home, collected the insurance, made love to the local drunk and embarked on a course of destruction and revenge. A blackly comic satire of the war of the sexes, THE LIFE AND LOVES OF A SHE DEVIL is the fantasy of the wronged woman made real.

Rogue intelligence agent Aaron Ryan is a loner and borderline sociopath who has been working in covert operations for a governmental intelligence agency. As such, he is accustomed to using violence and terror as a means to achieving an end.

Thomas Mutter was an audacious medical innovator who pioneered the use of ether as anaesthesia, the sterilisation of surgical tools and a compassion-based vision for helping the severely deformed, which clashed with the sentiments of the mid-nineteenth century. Brilliant, outspoken and handsome, Mutter was flamboyant in every aspect of his life. He wore pink silk suits to perform surgery, added an umlaut to his surname just because he could and amassed an immense collection of medical oddities that would later form Philadelphia's Mutter Museum.
