Two best friends embark on a project to study the behavior and taste of the popular girls at their elementary school so that by the time they get to middle school they too will be in the right crowd.

A whimsical tale told in scrapbook style follows the haphazard efforts of a pair of best friends who resolve to conquer middle school, an endeavor that tests the limits of their friendship. A first novel.

Lydia and Julie have been through many adventures as they navigated junior high, popularity, families, and friendship. In the final adventure in the series, the peaceful world of Hamlin Junior High is rocked when Lydia and Julie learn that they're going to have to play host to new students whose school burned down. The outside threat bands the Hamlin kids together against a common enemy—for a while. But when the enemy gets their hands on Lydia and Julie's notebook, no one wants anything to do with the girls. It's the biggest blow to their friendship yet (and a pretty definitive failure of their quest for popularity), and it can only be solved one way. Two words: dance battle.

Best friends Julie and Lydia are back in this hilarious sequel to Amy Ignatow's breakout novel! After spending all of fifth grade studying popularity together, Julie and Lydia are finally ready to put their hard-earned lessons to use in junior high. But before they can, tragedy strikes: Lydia's mom gets a job in London for six whole months! Before Lydia can say "fancy a cup of tea?" she's thrust into a new school, where she earns a reputation as "the Violent American." Meanwhile Julie's stuck navigating the cliques of American junior high on her own, where she is adopted by a group of troublemaking eighth graders known as the Bichons. The two best friends will have to learn to keep in touch and stand on their own, assisted as always by their trusty notebook. Amy Ignatow's signature sense of humor is on full display in this satisfying sequel.

Lydia and Julie have been through many adventures as they navigated junior high, popularity, families, and friendship. In the final adventure in the series, the peaceful world of Hamlin Junior High is rocked when Lydia and Julie learn that they're going to have to play host to new students whose school burned down. The outside threat bands the Hamlin kids together against a common enemy—for a while. When the enemy gets their hands on Lydia and Julie's notebook, no one wants anything to do with the girls. It's the biggest threat to their friendship (and a pretty definitive failure of their quest for popularity), and it can only be solved one way. Two words: dance battle.

After spending a year studying popularity, Julie and Lydia are finally ready to put their hard-earned lessons to use in junior high. But before they can conquer the world together, Lydia's mom gets a job in London. Full color.

After spending six months apart in Book Two, best friends Julie and Lydia are reunited at last! Julie has said good-bye to the mean girls, and Lydia is ready to apply her hard-earned friendship lessons to founding their own crew. But bad news interrupts their reunion: their friend Sukie's mother, ill for many years, has passed away. This shakes Lydia and Julie, who reevaluate their goals and decide to focus more on being supportive of the friends they have. Unfortunately, their well-meaning schemes almost immediately start to go awry, and everyone seems to be mad at them for reasons beyond their control. How can they be better friends when no one seems to want to give them the chance? As always, Julie and Lydia's hilarious back-and-forth notes form the backbone of the novel, in which Amy Ignatow reveals all-too-real truths about friendship and loyalty.

Twelve-year-old best friends Julie and Lydia are reunited after six months apart, but the news that their friend Sukie's mother has died after a long illness causes them to reevaluate their goals and focus on being supportive of the friends they already have.

Embarking on a road trip with Papa Dad and Daddy after surviving their first year in junior high, Julie and Lydia catalog the traditions of each new location they visit before confronting uncomfortable truths about family dynamics.

From the renowned author/illustrator of the Popularity Papers series, Amy Ignatow, comes the first installment in a new series about a diverse crew of middle school kids who develop very limited superhero powers after a strange accident and manage to become unlikely friends on the adventure of a lifetime. When a sweet nerd, an artsy cartoonist, a social outcast, and the most popular girl in school are involved in a mysterious bus accident, this seemingly random group of kids starts to notice some very strange abilities they did not have before. Artsy Martina can change her eye color. Nerdy Nick can teleport . . . four inches to the left. Outcast Farshad develops super strength, but only in his thumbs. And Cookie, the It Girl of school's most popular clique, has suddenly developed the ability to read minds . . . when those minds are thinking about directions. They are oddly mighty—especially together. This group—who would never hang out under normal circumstances—must now combine all of their strengths to figure out what happened during the bus accident. With alternating narratives from each of the heroes, including illustrated pieces from Martina, and featuring bold female superheroes and a multicultural cast, *The Mighty Odds* is *The Breakfast Club* for a new generation. For more books by Amy Ignatow, check out her critically acclaimed Popularity Papers series: *Book One: Research for the Social Improvement and General Betterment of Lydia Goldblatt and Julie Graham Chang*; *Book Two:*
