In its moment of great splendor the novel was held as a mirror of society: Merc_ Rodoreda shatters that mirror in this, her most ambitious novel, which tells its story in brilliant fragments, a vision reflected and refracted and finally coming together in a richly articulated mosaic of life. Through this Broken Mirror, the reader sees events and characters spanning three generations and composing a kaleidoscopic family history ranging over six decades and turning upon events both intimate and historic?most notably the Spanish Civil War. Opening with Teresa Goday, the lovely young fishmonger?s daughter married to a wealthy old man, the story shifts from one perspective to another, reflecting from myriad angles the founding of a matriarchal dynasty?and its eventual, seemingly inevitable disintegration. A family saga extending from the prosperous Barcelona of the 1870s to the advent of the Franco dictatorship, A Broken Mirror is finally also a novel about the inexorable passing of time.

Adri... Guinart is leaving Barcelona out of boredom and a thirst for freedom, embarking on a long journey through the backwaters of a rural land that one can only suppose is Catalonia, accompanied by the interminable, distant rumblings of an indefinable war. In vignette-like chapters and with a narrative style imbued with the fantastic, Guinart meets with numerous peculiar characters who offer him a composite, if surrealistic, view of an impoverished, war-ravaged society and shape his perception of his place in the world.
