New York Times bestselling author Michael Gruber, a member of "the elite ranks of those who can both chill the blood and challenge the mind" (The Denver Post), delivers a taut, multilayered, riveting novel of suspense. Somewhere in Pakistan, Sonia Laghari and eight fellow members of a symposium on peace are being held captive by armed terrorists. Sonia, a deeply religious woman as well as a Jungian psychologist, has become the de facto leader of the kidnapped group. While her son Theo, an ex-Delta soldier, uses his military connections to find and free the victims, Sonia tries to keep them all alive by working her way into the kidnappers' psyches and interpreting their dreams. With her knowledge of their language, her familiarity with their religion, and her Jungian training, Sonia confounds her captors with her insights and beliefs. Meanwhile, when the kidnappers decide to kill their captives, one by one, in retaliation for perceived crimes against their country, Theo races against the clock to try and save their lives.

But every time he uses the device, he notices that things are different when he gets back—and the futures he visits are getting darker and scarier. “Like settling down with a Gabriel Garcia Marquez novel” if it was rewritten by James M. Cain. “Denver Post Michael Gruber’s *Night of the Jaguar*” like his earlier novels featuring Miami detective Jimmy Paz (*Tropic of Night*, *Valley of Bones*) “transforms the conventional thriller into something extraordinary, taking the crime novel to a place it has never gone before. Combining a grisly murder investigation with chilling supernatural elements and provocative thought, *Night of the Jaguar* is a bravura display of the originality and artistry that has won Gruber the title, “the Stephen King of crime fiction” while inspiring the *Washington Post Book World* to name the Jimmy Paz trilogy, “among the essential novels of recent years.”

Return is as exciting and provocative as Gruber's best work. The real Richard Marder would shock his acquaintances, if they ever met him. Even his wife, long dead, didn't know the real man behind the calm, cultured mask he presents to the world. Only an old army buddy from Vietnam, Patrick Skelly, knows what Marder is capable of. Then a shattering piece of news awakens Marder's buried desire for vengeance, and with nothing left to lose, he sets off to punish the people whose actions, years earlier, changed his life. Uninvited, Skelly shows up and together the two of them raise the stakes far beyond anything Marder could have envisioned. As Marder and Skelly head toward an apocalypse of their own making, Marder learns that good motives and sense of justice can't always protect the people a man loves. A range of fearsomely real characters, from a brutally violent crime lord to a daringly courageous young woman, a roller-coaster of twists and turns, and a shattering exploration of what constitutes morality in the face of evil, Michael Gruber has once more proven that he is "a gifted and natural storyteller" (Chicago Tribune) and shows why he has been called "the Stephen King of crime writing" (The Denver Post).

The startling reviews of *Tropic of Night* announced Michael Gruber as one of the most talented thriller writers to debut in many years. Now, with the much-anticipated publication of *Valley of Bones*, Gruber fulfills that genre-bending promise as perhaps no writer since Graham Greene, with a genuinely exhilarating thriller that simultaneously offers a profound, deeply provocative exploration of the nature of faith itself. The setting is Miami. Rookie cop Tito Morales arrives at the Trianon Hotel to investigate a routine disturbance call -- and, to his shock and horror, watches as a wealthy oilman plunges ten stories and impales himself on a nearby fence. Soon Morales is joined by detective Jimmy Paz, famous throughout the city for solving -- or at least providing a plausible solution to -- the so-called Voodoo

Murders that left Miami burning months earlier. Together Paz and Morales enter the hotel and discover, in the dead man's room, a most unusual suspect, an otherworldly woman by the name of Emmylou Dideroff. She emerges from a rapturous, prayerlike state and admits that she had a motive for killing the oilman. Ultimately, she says she wants to confess, and asks for a pen and several notebooks in which to convey the details of her confession. What Emmylou writes is nothing like what Paz expects; he enlists psychologist Lorna Wise in an effort to make sense of things that go beyond Emmylou's explanation of the murder: details of childhood abuse, of other crimes committed, of regular communion with saints -- and with the devil. Is she mentally disturbed or playacting in hopes of getting declared unfit for trial? Or does she really believe herself to be an instrument of God? And why is it that so many people -- including Paz's biological father -- are suddenly interested in the contents of these notebooks and in preventing them from becoming public? As Valley of Bones moves toward its startling and dramatic finale, Emmylou's "confessions" lead Jimmy Paz, Lorna Wise, and Tito Morales down a series of unexpected and dangerous turns that puts them in the path of perhaps the most terrifying evil imaginable and forces each of them to confront questions about faith, love, and the possibility of the miraculous.
