Designing with Conifers shows readers exactly how to choose the best conifers for specific needs. Chapters cover shape, color, and conifers for specific sites and

conditions, including front gardens, hedges and screens, topiary, dwarf conifers, shade gardens, Asian-style gardens, bonsai, and miniature railroad gardens. Also includes useful appendices that list of conifers for various problems and conditions, like conifers for areas plagued by deer and the best conifers for Christmas trees and Southern gardens. Each section is enlivened with gorgeous color photographs. Whatever landscape situation or challenge a gardener designer faces, *Designing with Conifers* shows how to make the best choice from this beautiful, useful, and versatile group of plants.
