is a boogyman? For as long as Gabe can remember, his life had been plagued by haunting images and tragic events. It seemed like everyone he knew or loved was doomed for a life of misery or death. He was starting to come to the same conclusion everyone else had--he must be cursed. Until one day, in a subway tunnel, everything suddenly changed. A horrific disaster led him to a strange new person named Uri. Uri introduced Gabe to an exciting new world filled with angels, demons, magic, and best of all, a beautiful girl named Sophie. This chance at a new life had everything Gabe always longed for: a family, friends, and possibly even love. He soon discovered, though, that this life came at a steep price. One he feared might cost him his life. A prophecy places Gabe in the middle of a choice he could have never imagined he would have to make. He finds out the creatures that have haunted his nightmares are actually real and only the Guardians stand between them and the rest of the world.

The secret society of janitors with wizard-like powers continue the battle, but now, the stakes are even higher. The Bureau of Educational Maintenance is after Alan Zumbro, and this time the evildoers mean business--deadly business. Spencer, Daisy, and their little team of Rebels must find the source of all magical Glop and destroy it before it can destroy the world as we know it. No small task with the BEM and its monster Toxites at their heels! It's a wild and dangerous ride as Spencer's friends follow the trail of clues all the way to the hiding place of the mysterious Aurans: guardians of a secret landfill. What they discover there will change the fate of the Rebels--and quite possibly that of the world.

How far would you go for a second chance at happiness? What if it could cost you your life? Five years have passed since Gabe abandoned Rampart Manor, deserting his destiny and closest friends. The struggles Gabe has endured to stay alive have changed him, hardening him into a man unwilling to trust anyone or anything, and unable to connect with the outside world. Gabe has finally found his own private paradise--peace in solitude--until a familiar face shows up on his doorstep, pleading for Gabe's help. Now he has to decide if he is truly content in his new life, or if he is willing to risk his solitary happiness for a little piece of the world he left behind. Should he choose to accept the most important duty of his life, one failure could mark the beginning of the end for all humankind. But if he succeeds, Gabe might have a shot at a story that ends with happily ever after.
