Forbidden Rites consists of an edition of one of the most interesting and important manuscripts of medieval magic that has yet come to light. In addition to the Latin text, Kieckhefer provides full commentary, including detailed analysis of the text and its contents, discussion of the historical context, translation of representative sections, and comparison with other necromantic texts of the late Middle Ages.

Hidden in the mountains of East Tennessee, an eleven-year old goes about the business of being a boy during the summer of 1970. Within a balance of terror and innocence, he bears silent witness to ghosts of the dead and the cruelties of a teenage killer while local justice plays out in a community carved from legacies of coal mining and religion.

Clever and quirky cross-stitch patterns that proudly show off your love for all things literary Inside Book Riot's Lit Stitch, you'll find a number of badass, bookish cross-stitch patterns. Some of these are for bookmarks, others are for wall decor, and still others can take on a whole host of finished outcomes. What they have in common is their literary bent—the patterns speak to all manner of literary-minded book lovers, who are happy to display their nerdier sides. And what better way than through your own cross-stitch art to hang on your wall, prop on your desk, or even gift to friends and family. And most, if not all, are beginner friendly and can be completed in a few hours—instant stitchification! So grab yourself some excellent embroidery floss, hoops, and needles, and pick out one or more of these great cross-stitch patterns for your next project.

Collective volume exploring connections between literacy and heresy in late medieval Europe.

Underlying the discussion are basic questions about the format of medieval religious experience, ranging from the nature of authority to the relationship between priests and laity, and how far it is actually possible to talk of a monolithic catholicism.

This powerful drama examines the fears of parents driven to do "the right thing" when the safety of their daughter is in doubt. A mother and father who learn that the next door neighbor is a convicted child molester consider both vigilance and vigilantism before being forced into action by a pair of child advocacy crusaders. The shocking climax hits a raw nerve, leaving the audience to consider where the line between right and wrong lies. Mr. Bundy was a hit at the 1998 Humana Festival at Actors Theatre of Louisville. -- Publisher's website.

The Dynamics of Industrial Collaboration revisits and reformulates issues previously raised by inter-firm collaboration. The latest research in collaboration, processes and evaluation of cooperation, and industrial and research networks, is presented by way of both empirical and theoretical studies. The authors use several theoretical perspectives to explain inter-firm and inter-institutional collaboration: the theory of transaction costs and contracts, evolutionary theory, and the resource-based view. The book illustrates that none of these approaches are dominant.

The book Cimarrón Pedagogies is a testimonial account of how to use Critical Auto-Ethnography as main strategy for undergraduate research projects. The book will be useful for college instructors and teachers, as well as undergraduate and graduate students, ranging from anthropology to the humanities.

ÒPower and Magic is one of those few books which literally cannot be ignored by any serious bible student. In fact, it makes the classical commentaries on Ephesians that I am familiar with virtually obsolete. Clinton Arnold has done us all a great favor by throwing vital new light on our understanding of what really motivated the Apostle Paul to write one of his most important epistles.Ó Peter Wagner, Fuller Theological Seminary ÒThis scholarly book is a valuable contribution to understanding the spiritual world we live in. Clinton Arnold helps us to understand Paul's message to the early church and consequently to the church at the end of twentieth century.Ó Neil Anderson, Freedom in Christ Ministries ÒPower and Magic is one of the most helpful biblical teachings available on the subject. I know it will be helpful to any reader.Ó John Wimber, Association of Vineyard Churches ÒI consider Power and Magic to be one of the most valuable books in my library. Arnold's research into the world view held by the inhabitants of the Greco-Roman world focusing on spiritual power is outstanding. I continually recommend this book to pastors, missionaries, seminary professors, students, and thoughtful Christians in all my seminars worldwide on spiritual warfare.Ó Ed Murphy ÒI have found this book extremely enlightening and consistently biblical. Reading it is a definite must for those who wish to understand the biblical world view.Ó Ed Silvano, President, Harvest Evangelism
