Renowned in European literary circles, Switzerland's Stamm didn't achieve his stateside critical breakthrough until his last novel (*Seven Years*, 2011, etc.). Peter Stamm's very short stories have no endings, neither the too-clever surprises of O. Henry nor the enigmatic resolutions of Henry James, but that's not by indirection. The stories are fashionably NOT "plot driven." They are precisely what editors demand; they're what short stories are supposed to be in our tale-less times.

NAMED A BEST BOOK OF THE SEASON BY VOGUE In this alluring, melancholic novel—Peter Stamm at his best—a writer haunted by his double blurs the line between past and present, fiction and reality, in his attempt to outrun the unknown. “Please come to Skogskyrkogården tomorrow at 2. I have a story I want to tell you.” Lena agrees to Christoph's out-of-the-blue request, though the two have never met. In Stockholm's Woodland Cemetery, he tells her his story, which is also somehow hers. Twenty years before, he loved a woman named Magdalena—an actress like Lena, with her looks, her personality, her past. Their breakup inspired him to write his first novel, about the time they were together, and in its scenes Lena recognizes the uncanny, intimate details of her own relationship with an aspiring writer, Chris. Is it possible that she and Chris are living the same lives as Magdalena and Christoph two decades apart? Are they headed towards the same scripted separation? Or, in the fever of writing, has Christoph lost track of what is real and what is imagined? In this subtle, kaleidoscopic tale, Peter Stamm exposes a fundamental human yearning: to beat life's mysteries by forcing answers on questions that have yet to be fully asked.

Alex has spent the majority of his adult life between two very different women—and he can't make up his mind. Sonia, his wife and business partner, is everything a man would want. Intelligent, gorgeous, charming, and ambitious, she worked tirelessly alongside him to open their architecture firm and to build a life of luxury. But when the seven-year itch sets in, their exhaustion at working long hours coupled with their failed attempts at starting a family get the best of them. Alex soon finds himself kindling an affair with his college lover, Ivona. The young Polish woman who worked in a Catholic mission is the polar opposite of Sonia: dull, passive, taciturn, and plain. Despite having little in common with Ivona, Alex is inexplicably drawn to her while despising himself for it. Torn between his highbrow marriage and his lowbrow affair, Alex is stuck within a spiraling threesome. But when Ivona becomes pregnant, life takes an unexpected turn, and Alex is puzzled more than ever by the mysteries of his heart. Peter Stamm, one of Switzerland's most acclaimed writers, is at his best exploring the complexities of human relationships. *Seven Years* is a distinct, sobering, and bold novel about the impositions of happiness in the quest for love.

A novel about survival, self-reliance, and art, by Peter Stamm, finalist for the 2013 Man Booker International Prize *All Days Are Night* is the story of Gillian, a successful and beautiful TV host, content with her marriage to Matthias, even if she feels restless at times. One night following an argument, the couple has a terrible car accident: Matthias, who is drunk, hits a deer on the wet road and dies in the crash. Gillian wakes up in the hospital completely disfigured. Only slowly, after many twists and turns, does she put her life back together, and reconnects with a love interest of the past who becomes a

possible future—or so it seems. In Stamm's unadorned and haunting style, this new novel forcefully tells the story of a woman who loses her life but must stay alive all the same. How she works everything out in the end is at once surprising and incredibly rewarding.

The Millions: Most Anticipated Book of the Month A new story collection from “one of Europe’s most exciting writers” (New York Times Book Review) deftly evokes and explores the shifts that occur when the world grows dark. Snowed in at a remote artists’ residency in Vermont, Peter recalls another Christmas some thirty years earlier, when he met Marcia by chance on a trip to New York City. Only now, in this eerie, isolated place, does he begin to see the consequences of their brief affair through a series of connections. When Hubert asks Sabrina to model for a sculpture, she’s flattered and happy to help. But facing the finished product, looking at herself from previously hidden angles, disturbs her, and she becomes determined to follow her double after it’s sold to a collector. Uneasy in his own skin and with the humdrum life set out for him, David decides to rob a bank. He already has a mask for the purpose, but won’t be using it today. He’s heard that bank robbers often study the scene for weeks before they strike. So he’s started to lurk. We think we know our world, but then the familiar suddenly turns strange, and even frightening. In these powerfully affecting, minutely constructed stories, Peter Stamm illustrates how fragile our reality really is, how susceptible to tricks of the heart and mind.

With the precision of a surgeon, Peter Stamm cuts to the heart of the fragile and revealing moments of everyday life. They are bankers, students, mothers, or retirees. They live in New York City or somewhere in Switzerland, they work in London or Riga, they cross paths in a Fado bar in Lisbon. They breathe the banal routine of daily life. It is to these ordinary people that Peter Stamm grants center stage in his latest collection of short stories. Henry, a cowherd turned stuntman, crisscrosses the country, dreaming of meeting a woman. Inger, the Dane, refuses her skimpy life and takes off for Italy. Regina, so lonely in her big house since her children left and her husband passed away, discovers the world anew thanks to the Australian friend of her granddaughter, who helps Regina envision her next voyage. In these stories, Stamm's clean style expresses despair without flash, through softness and small gestures, with disarming retorts full of derision and infinite tenderness. There, where life hesitates, ready to tip over—with nothing yet played out—is where these people and their stories exist. For us, they all become exceptional. Praise for *Unformed Landscape*: "Sensitive and unnerving. . . . An uncommonly intimate work, one that will remind the reader of his or her own lived experience with a greater intensity than many of the books that are published right here at home."
—The New Republic Online

Man Booker Prize nominee Peter Stamm explores in his sixth novel what it means to be in the middle of nowhere, in mind and in body. Happily married with two children and a comfortable home in a Swiss town, Thomas and Astrid enjoy a glass of wine in their garden on a night like any other. Called back to the house by their son's cries, Astrid goes inside, expecting her husband to join her in a bit. But Thomas gets up and, after a brief moment of hesitation, opens the gate and walks out. No longer bound by the ties of his everyday life--family, friends, work--Thomas begins a winding trek across the countryside, exposed as never before to the Alpine winter. At home, Astrid wonders where he's gone, when he'll come back, whether he's still alive. Following Thomas and Astrid on their separate paths, *To the Back of Beyond* becomes ultimately a meditation on the limits of freedom and on the craving to be wanted.

Unformed Landscape begins in a small village on a fjord in the Finnmark, on the northeastern coast of Norway, where the borders between Norway, Sweden, Finland, and Russia lie covered in snow and darkness, where the real borders are between day and night, summer and winter, and between people. Here, a sensitive young woman like Kathrine finds few outlets for her desires. Half Norwegian, half Sami (an indigenous people), Kathrine works for the

customs office inspecting the fishing boats arriving regularly in the harbor. She is in her late 20s, has a son from an early marriage, and has drifted into a second loveless marriage to a man whose cold and dominating conventionality forms a bold stroke through the unformed landscape of her life. After she makes a discovery about her husband that deeply wounds her, Kathrine cuts loose from her moorings and her confusion and sets off in search of herself. Her journey begins aboard a ship headed south, taking her below the Arctic Circle for the first time in her life. Kathrine makes her way to France and has the bittersweet experience of a love affair that flares and dies quickly, her starved senses rewarded by the shimmering beauty of Paris. Through a series of poignant encounters, Kathrine is led to the richer life she was meant to have and is brave enough to claim. Using simple words strung together in a melodic alphabet, Peter Stamm introduces us, through a series of intimate sketches, to the heart of an unforgettable woman. Her story speaks eloquently about solitude, the fragility of love, lost illusions, and self-discovery. From the Trade Paperback edition.

Named in the New York Times Book Review's 100 Notable Books of 2014! Ullmann's characters are complex and paradoxical: neither fully guilty nor fully innocent Siri Brodal, a chef and restaurant owner, is married to Jon Dreyer, a famous novelist plagued by writer's block. Siri and Jon have two daughters, and together they spend their summers on the coast of Norway, in a mansion belonging to Jenny Brodal, Siri's stylish and unforgiving mother. Siri and Jon's marriage is loving but difficult, and troubled by painful secrets. They have a strained relationship with their elder daughter, Alma, who struggles to find her place in the family constellation. When Milla is hired as a nanny to allow Siri to work her long hours at the restaurant and Jon to supposedly meet the deadline on his book, life in the idyllic summer community takes a dire turn. One rainy July night, Milla disappears without a trace. After her remains are discovered and a suspect is identified, everyone who had any connection with her feels implicated in her tragedy and haunted by what they could have done to prevent it. *The Cold Song* is a story about telling stories and about how life is continually invented and reinvented.
