Even though Cuban women achieved a lot of parity during the Cuban Revolution, there was still a lot of disparity prevalent in Cuban society. Some examples are: "During the 1990s, when subsidies from the Soviet Union ended, the maintenance of social services often fell back on women as mothers, wives, and caregivers, indicative that Cuba had not fully equalized gender responsibilities."

Cuba reaffirms ongoing efforts to equalize women's and men's roles at home and numbers of women in government decision-making While Cuban women have a life expectancy close to 81 years of age, the direct maternal mortality rate is one of the lowest in the world, and women make up 66.8 per cent of the labour force, Cuba recognizes it still has much to do.

~~Cuba | UN Women - Headquarters~~

Strengthening women's role in power and decision-making is one of the 12 critical areas of concern outlined in the Beijing Declaration and Platform for Action, which turns 20 next year. Giving women a greater voice in all spheres is central to achieving change and boosting women's leadership and political participation is one of UN Women's seven key areas of work.

There is established and growing evidence that women's leadership in political decision-making processes improves them . Women demonstrate political leadership by working across party lines through parliamentary women's caucuses - even in the most politically combative environments - and by championing issues of gender equality, such as the elimination of gender-based violence, parental leave and childcare, pensions, gender-equality laws and electoral reform .

In the countryside, everything has its own pace and skill, but the protagonists of this story are specialists in making charcoal from marabou-thorn, which is abundant in the fields of Cuba. Believe it or not, this is a task which is popular among many who work for the Ceballos Agro-industrial Enterprise, which has units in several Cuban provinces: Las Tunas, Camagüey, Ciego de Ávila and ...

The social revolution that in 1959 brought down the bloody Batista dictatorship began in the streets of cities like Santiago de Cuba and the Rebel Army's liberated mountain zones of eastern Cuba. The unprecedented integration of women in the ranks and leadership of this struggle was a true measure of the revolutionary course it has followed to this day. Here, in firsthand accounts by women who helped make it, is the story of that revolution--and 'the revolution within.-- Publisher information.

In *Black Women, Citizenship, and the Making of Modern Cuba*, Takkara Brunson traces how women of African descent battled exclusion on multiple fronts but played an important role in forging a modern democracy. Brunson takes a much-needed intersectional approach to the political history of the era, examining how Black women's engagement with questions of Cuban citizenship intersected with racial prejudice, gender norms, and sexual politics, incorporating Afro-diasporic and Latin American feminist perspectives. Brunson demonstrates that between the 1886 abolition of slavery in Cuba and the 1959 Revolution, Black women--without formal political power--navigated political movements in their efforts to create a more just society. She examines how women helped build a black public sphere as they claimed moral respectability and sought racial integration. She reveals how Black women entered into national women's organizations, labor unions, and political parties to bring about legal reforms. Brunson shows how women of African descent achieved individual victories as part of a collective struggle for social justice; in doing so, she highlights how racism and sexism persisted even as legal definitions of Cuban citizenship evolved.

A handful of celebrated photographs show armed female Cuban insurgents alongside their companeros in Cuba's remote mountains during the revolutionary struggle. However, the story of women's part in the struggle's success has only now received comprehensive consideration in Michelle Chase's history of women and gender politics in revolutionary Cuba. Restoring to history women's participation in the all-important urban insurrection, and resisting Fidel Castro's triumphant claim that women's emancipation was handed to them as a "revolution within the revolution," Chase's work demonstrates that women's activism and leadership was critical at every stage of the revolutionary process. Tracing changes in political attitudes alongside evolving gender ideologies in the years leading up to the revolution, Chase describes how insurrectionists mobilized familiar gendered notions, such as masculine honor and maternal sacrifice, in ways that strengthened the coalition

## Online Library Women In Cuba The Making Of A Revolution Within The Revolution From Santiago De Cuba And The Rebel Army To The Birth Of The Federation Of Cuban Women

against Fulgencio Batista. But, after 1959, the mobilization of women and the societal transformations that brought more women and young people into the political process opened the revolutionary platform to increasingly urgent demands for women's rights. In many cases, Chase shows, the revolutionary government was simply formalizing popular initiatives already in motion on the ground thanks to women with a more radical vision of their rights.

The abrupt loss of Soviet financial support in 1989 resulted in the near-collapse of the Cuban economy, ushering in the almost two decades of austerity measures and severe shortages of food and basic consumer goods referred to as the Special Period. Through the innovative framework of individual and collective memory, Daliany Jerónimo Kersh brings together analysis of press sources and oral histories to offer a compelling portrait of how Cuban women cleverly combined various forms of paid work to make ends meet. Disproportionately impacted by the economic crisis given their role as primary caregivers and household managers and unable to survive on devalued state salaries alone, women often employed informal and illegal earning strategies. As she argues, this regression into gendered work such as cooking, sewing, cleaning, reselling, and providing sexual services precipitated by the post-Soviet crisis to a large extent marked a return to pre-revolutionary gendered divisions of labor.

Examines the way three decades of the Cuban revolution transformed the lives of women in Cuba through efforts to conceptualize, prioritize, and implement sexual equality.

AN INSTANT NEW YORK TIMES BESTSELLER THE WASHINGTON POST NOTABLE BOOK OF 2021 A GOOD MORNING AMERICA BOOK CLUB PICK WINNER of the Isabel Allende Most Inspirational Fiction Award, She Reads Best of 2021 Awards • FINALIST for the 2022 Southern Book Prize • LONGLISTED for Crook's Corner Book Prize • NOMINEE for 2021 GoodReads Choice Award in Debut Novel and Historical Fiction A sweeping, masterful debut about a daughter's fateful choice, a mother motivated by her own past, and a family legacy that begins in Cuba before either of them were born In present-day Miami, Jeanette is battling addiction. Daughter of Carmen, a Cuban immigrant, she is determined to learn more about her family history from her reticent mother and makes the snap decision to take in the daughter of a neighbor detained by ICE. Carmen, still wrestling with the trauma of displacement, must process her difficult relationship with her own mother while trying to raise a wayward Jeanette. Steadfast in her quest for understanding, Jeanette travels to Cuba to see her grandmother and reckon with secrets from the past destined to erupt. From 19th-century cigar factories to present-day detention centers, from Cuba to Mexico, Gabriela Garcia's *Of Women and Salt* is a kaleidoscopic portrait of betrayals—personal and political, self-inflicted and those done by others—that have shaped the lives of these extraordinary women. A haunting meditation on the choices of mothers, the legacy of the memories they carry, and the tenacity of women who choose to tell their stories despite those who wish to silence them, this is more than a diaspora story; it is a story of America's most tangled, honest, human roots.

In Cuba something curious has happened over the past fifteen years. The government has allowed vocal criticism of its policies to be expressed within the arts. Filmmakers, rappers, and visual and performance artists have addressed sensitive issues including bureaucracy, racial and gender discrimination, emigration, and alienation. How can this vibrant body of work be reconciled with the standard

representations of a repressive, authoritarian cultural apparatus? In *Cuba Represent!* Sujatha Fernandes—a scholar and musician who has performed in Cuba—answers that question. Combining textual analyses of films, rap songs, and visual artworks; ethnographic material collected in Cuba; and insights into the nation's history and political economy, Fernandes details the new forms of engagement with official institutions that have opened up as a result of changing relationships between state and society in the post-Soviet period. She demonstrates that in a moment of extreme hardship and uncertainty, the Cuban state has moved to a more permeable model of power. Artists and other members of the public are collaborating with government actors to partially incorporate critical cultural expressions into official discourse. The Cuban leadership has come to recognize the benefits of supporting artists: rappers offer a link to increasingly frustrated black youth in Cuba; visual artists are an important source of international prestige and hard currency; and films help unify Cubans through community discourse about the nation. *Cuba Represent!* reveals that part of the socialist government's resilience stems from its ability to absorb oppositional ideas and values.

Instant New York Times bestseller! In 1960s Florida, a young Cuban exile will risk her life—and heart—to take back her country in this exhilarating historical novel from the author of *The Last Train to Key West* and *Next Year in Havana*, a Reese Witherspoon Book Club pick. Beautiful. Daring. Deadly. The Cuban Revolution took everything from sugar heiress Beatriz Perez—her family, her people, her country. Recruited by the CIA to infiltrate Fidel Castro's inner circle and pulled into the dangerous world of espionage, Beatriz is consumed by her quest for revenge and her desire to reclaim the life she lost. As the Cold War swells like a hurricane over the shores of the Florida Strait, Beatriz is caught between the clash of Cuban American politics and the perils of a forbidden affair with a powerful man driven by ambitions of his own. When the ever-changing tides of history threaten everything she has fought for, she must make a choice between her past and future—but the wrong move could cost Beatriz everything—not just the island she loves, but also the man who has stolen her heart...

Oral history of an elderly black woman recounting the story of her nine decades in Cuba.

The Cuban revolutionary government engaged in social engineering to redefine the nuclear family and organize citizens to serve the state.
